EXPAND smERP is a ready-to-use, no-frills, super efficient partner capable of putting an end to all your business blues.

Custom-created to suit Indian markets, work environs & other core requirements, EXPAND smERP is also inexpensive & easy-to-use. EXPAND's architecture enables fast & flexible implementation & deployment strategy. Being a highly configurable & scalable business solution, it delivers a powerful functionality needed to gain a sustainable competitive advantage. It also helps in transcending organizational barriers & extend business processes to partners, suppliers & customers.

EXPAND has been researched and engineered by a team of highly skilled professionals at eDominer, a premier business applications development & consulting house. With over a decade of technology & domain experiences, the team boasts of Microsoft Most Valuable Professionals, Microsoft Certified Solution Developers, Trainers & Chartered Accountants who have encapsulated their know-how & best practices into a state-of-the-art business solution - EXPAND smERP.

Reason #1	Web based ERP is the need of the hour. EXPAND is the answer
	<p>EXPAND is a revolutionary web based smERP solution that connects your widespread office locations over the internet with no investment in costly hardware and connectivity solutions. Simply host the solution at your office location, connect it to an Internet Lease Line and access your Enterprise data from anywhere in the world, of course depending on security. eDominator EXPAND smERP gives you more than 5 deployment models to choose from. Furthermore, because of web enablement, supply chain integration with suppliers and vendors is just another simple task.</p> <p>Buying Reasons:</p> <ul style="list-style-type: none"> ✓ No investment in costly hardware ✓ No investment in costly internet solutions ✓ Access your business data from anywhere in the world ✓ Single Server deployment. “We don’t even need to touch any client machines”, sounds good. ✓ Reduced deployment, maintenance & up gradation cost. For any updates and service packs, we just need to update the server. That’s it. ✓ Integrate with supplier and vendors in real time.
Reason #2	EXPAND is a 100% genuine smERP, an extended one.
	<p>Many small vendors indulge in false selling by selling a Financial Accounting Package clubbed with Inventory & payroll. Well, that is not an ERP. SO what is an ERP? A genuine ERP will have all the necessary functionality to map each and every core business process of your organization. EXPAND is the most complete smERP suite with all the core modules including Finance, Sales, Purchase, Business Definition, Imports, Exports, Production Planning, Material Requirement Planning, Inventory, QC, Email & SMS System, Security and more than 350 reports in ver 2.0. For complete details please visit www.edominator.com</p>

Reason #3	Manage multiple companies with multiple branches
	<p>In eDominator EXPAND, you can manage multiple legal entities and company codes with multiple branches. There is no restriction. The channel management system is one of the most sought after feature in eDominator.</p> <p>Buying reasons:-</p> <ul style="list-style-type: none"> ✓ Finance consolidation across channels (branches) ✓ Tax consolidation across channels ✓ Stock transfer facilitation ✓ Inter-branch transactions
Reason #4	eDominator EXPAND has the Lowest Total Cost of Ownership

	<p>Over the years, companies have spent huge amounts of money on Enterprise applications, costly hardware and connectivity solutions. Huge amount of money has also been spent on expensive manpower. eDominator with its intuitive EXPAND smERP comes to rescue.</p> <p>Buying reasons:-</p> <ul style="list-style-type: none"> ✓ No investment in costly hardware. eDominator runs from a single server across all locations. You need not install eDominator at every location like other ERP products. ✓ No investment in costly connectivity solutions. You can access your application running at head office through broadband or any other means of internet connectivity. ✓ eDominator is installed on a single server. Multiple clients can access the server. Updates are installed on the same server. Thus, deployment and maintenance costs are very less compared to other ERP products. ✓ For the benefits of our clients, we provide managed HR services as well and provide our clients with trained manpower in eDominator. ✓ Quick implementation and training strategies ✓ Ready-to-use packaged solution resulting in quick ROI <p>Note: Please refer the following documents for more information on how the TCO with eDominator is the lowest:-</p> <ol style="list-style-type: none"> 1. Web based ERP vs Windows based ERP 2. 5 Deployment Architectures with eDominator
Reason #5	Production, Material Requirement Planning & Capacity Planning

	<p>“EXPAND has a wonderful production & manufacturing module”, says one of our esteemed clients. The production module is one of the most sought after modules in eDominer for the following reasons:-</p> <ul style="list-style-type: none"> ✓ Accurate production costing ✓ Production management & planning based on templates ✓ Machine & personal allocation mechanisms ✓ Material Requirement Planning ✓ Capacity planning ✓ Shift Roster generation ✓ Job card, machine and personnel scheduling ✓ Inventory Cover and Production Advice Scheduling
Reason #6	Some wonderful functionalities & features for Exporters
	<ul style="list-style-type: none"> ✓ Invoice against Order, LC or received Pro forma Invoice. ✓ Third party invoicing, commercial invoice is managed in the system. ✓ Bill of exchange and Hundi mode of payments. ✓ Payment adjustments against OD account, PCFC. ✓ Export Bill Purchase and Export Bill Discounting accounts under Export Bill negotiation are managed automatically. ✓ Marine Insurance, Open Transit Insurance, Insurance Certificate, Premium adjustment, Cover amount adjustment is done automatically. ✓ Issue of CT3, ARE1, Nepal/Bhutan invoice, adjustment against BOND, DTA permission adjustment are all managed automatically in the system. ✓ Annexure 19, Bill of Export, Short duty payment are also managed in the system.
Reason #7	Print Govt. Statuary reports just on a click of a button with computed values
	<ul style="list-style-type: none"> ✓ Value Added Tax Computation & Management ✓ Service Tax Computation & Management

	<ul style="list-style-type: none"> ✓ Excise Management ✓ TDS computation & Management
Reason #8	EXPAND's Integrated Email & SMS System
	<ul style="list-style-type: none"> ✓ Built-in Email Client ✓ Inbound & Out bound SMS ✓ Critical Business alerts via Email & SMS
Reason #9	Documents and Voucher Approval Mechanism
	<p>One of the most wanted features in eDominer ver 3.3.</p> <ul style="list-style-type: none"> ✓ User based approvals ✓ Amount based approvals ✓ Auto approval mechanism
Reason #10	Knowledgebase & Document Management System
	<p>eDominer EXPAND smERP has a built-in document management system. With every transaction, the user can attach any number of files of any format which later can be searched through the Knowledgebase search engine.</p>
